

To Install Before 9/26/2019

Software

R & Rstudio

Install R first:

<https://cran.r-project.org>

Then install RStudio Desktop

<https://www.rstudio.com>

To make Rmarkdown documents, we'll need to install the rmarkdown package and LaTeX:
follow instructions [here](#).

OSF account

If you don't have an account already, sign up at <https://osf.io>

Once you sign up, we'll add you as *contributors* to the class example page
